To view transactions and perform enquiries, click Account Listing from the I WANT TO ... menu on the Supplemental account services screen.

A list of your accounts will be displayed. To view transactions, click the Navigate to account details button.

Scroll down to see a list of transactions.

From here, you can filter transactions by currency or by using the options in the Show drop-down, including selecting Other to enter a custom date range. You can also search for transactions and export the transactions meeting the filter criteria.

Let's export a summary of the accounts.

Select the file format and click Export.

Click GO TO EXPORT CENTRE.

Find your report and click DOWNLOAD.
